

As a founding principal of °leeandassociatesinc (°lai) , Mr. Lee holds primary responsibilities in all phases of planning, urban design, and landscape architectural design. His most prominent projects include new cities; public plazas; memorials; master plans for parks; open space systems; communities; resort and recreational development; campuses and waterfront development. He is widely recognized for his specialty in green infrastructure; sustainable city design; and security sensitive site planning. His focus on design excellence is recognized by his peers and institutions and he has served on numerous design award juries. He is a graduate of University of Virginia School of Architecture with a degree in Landscape Architecture where he served as a member of the Board of Managers and a trustee for The Jefferson Scholars Foundation. He was the past president of the American Society of Landscape Architects (ASLA) Potomac Chapter; and in 2007 was inducted into the council of Fellows of ASLA for exceptional achievement for completed work. For more than 30 years, Mr. Lee has directed his practice based upon context sensitive designs of the public realm while infusing his sustainable and conscious designs with ecological, historical, cultural, social, and geopolitical sensitivities. He has resided and practiced in Washington, D.C. since 1982; contributing his experience and expertise to improve and enhance the public realm.
